# SET UP ACADEMY & BRANDING

Once your institute signs up with Entrayn, you will receive a dedicated web page for your online academy. You can start

and brand colors.

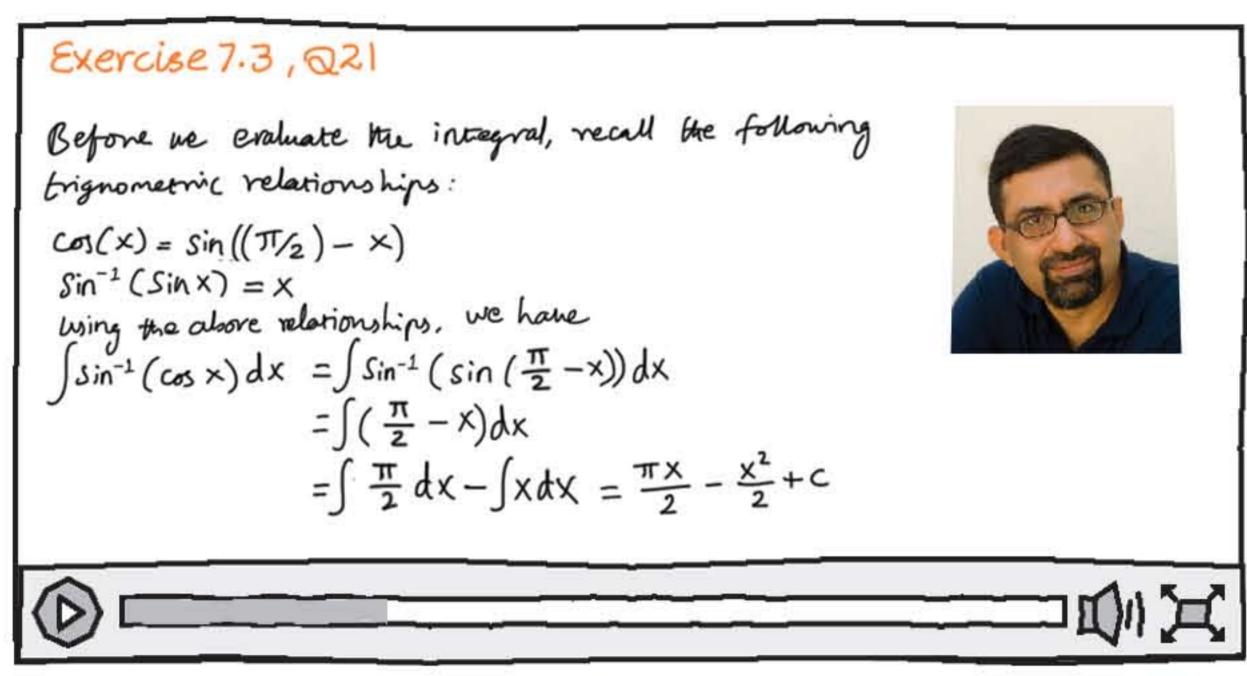

Administrative Support +91 12345 67890 admin@academy.com Academic Support +91 12345 67890 acad@academy.com Technical Support

populating this academy by seeding in information such as your Institute name, contact info, etc. You can ensure that your brand identity is maintained by adding your logo, slogan

support@entrayn.com

# LEARNERS CAN ENROLL & LOG ON 24/7

Info Study FAQ Feedback Progress Monitor Crack IIT - JEE Physics in 6 months Course Chapter 3 Motion in 2 dimensions

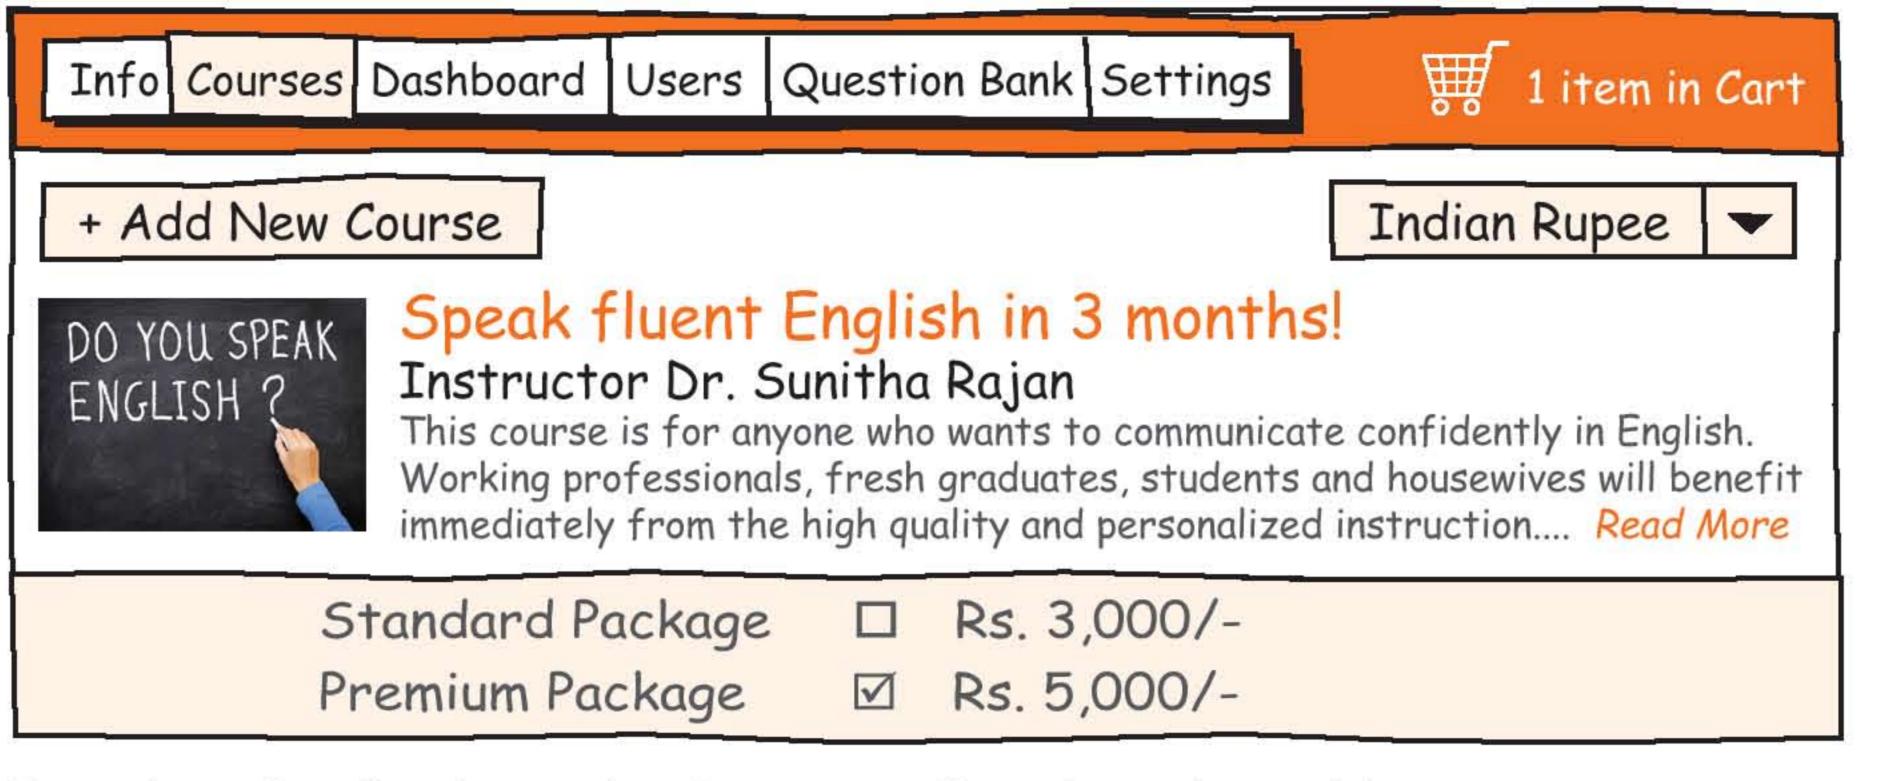

You can either add Learners from your Institute Register, or Learners can enroll for your Courses automatically by paying the Course fee online.

Contact

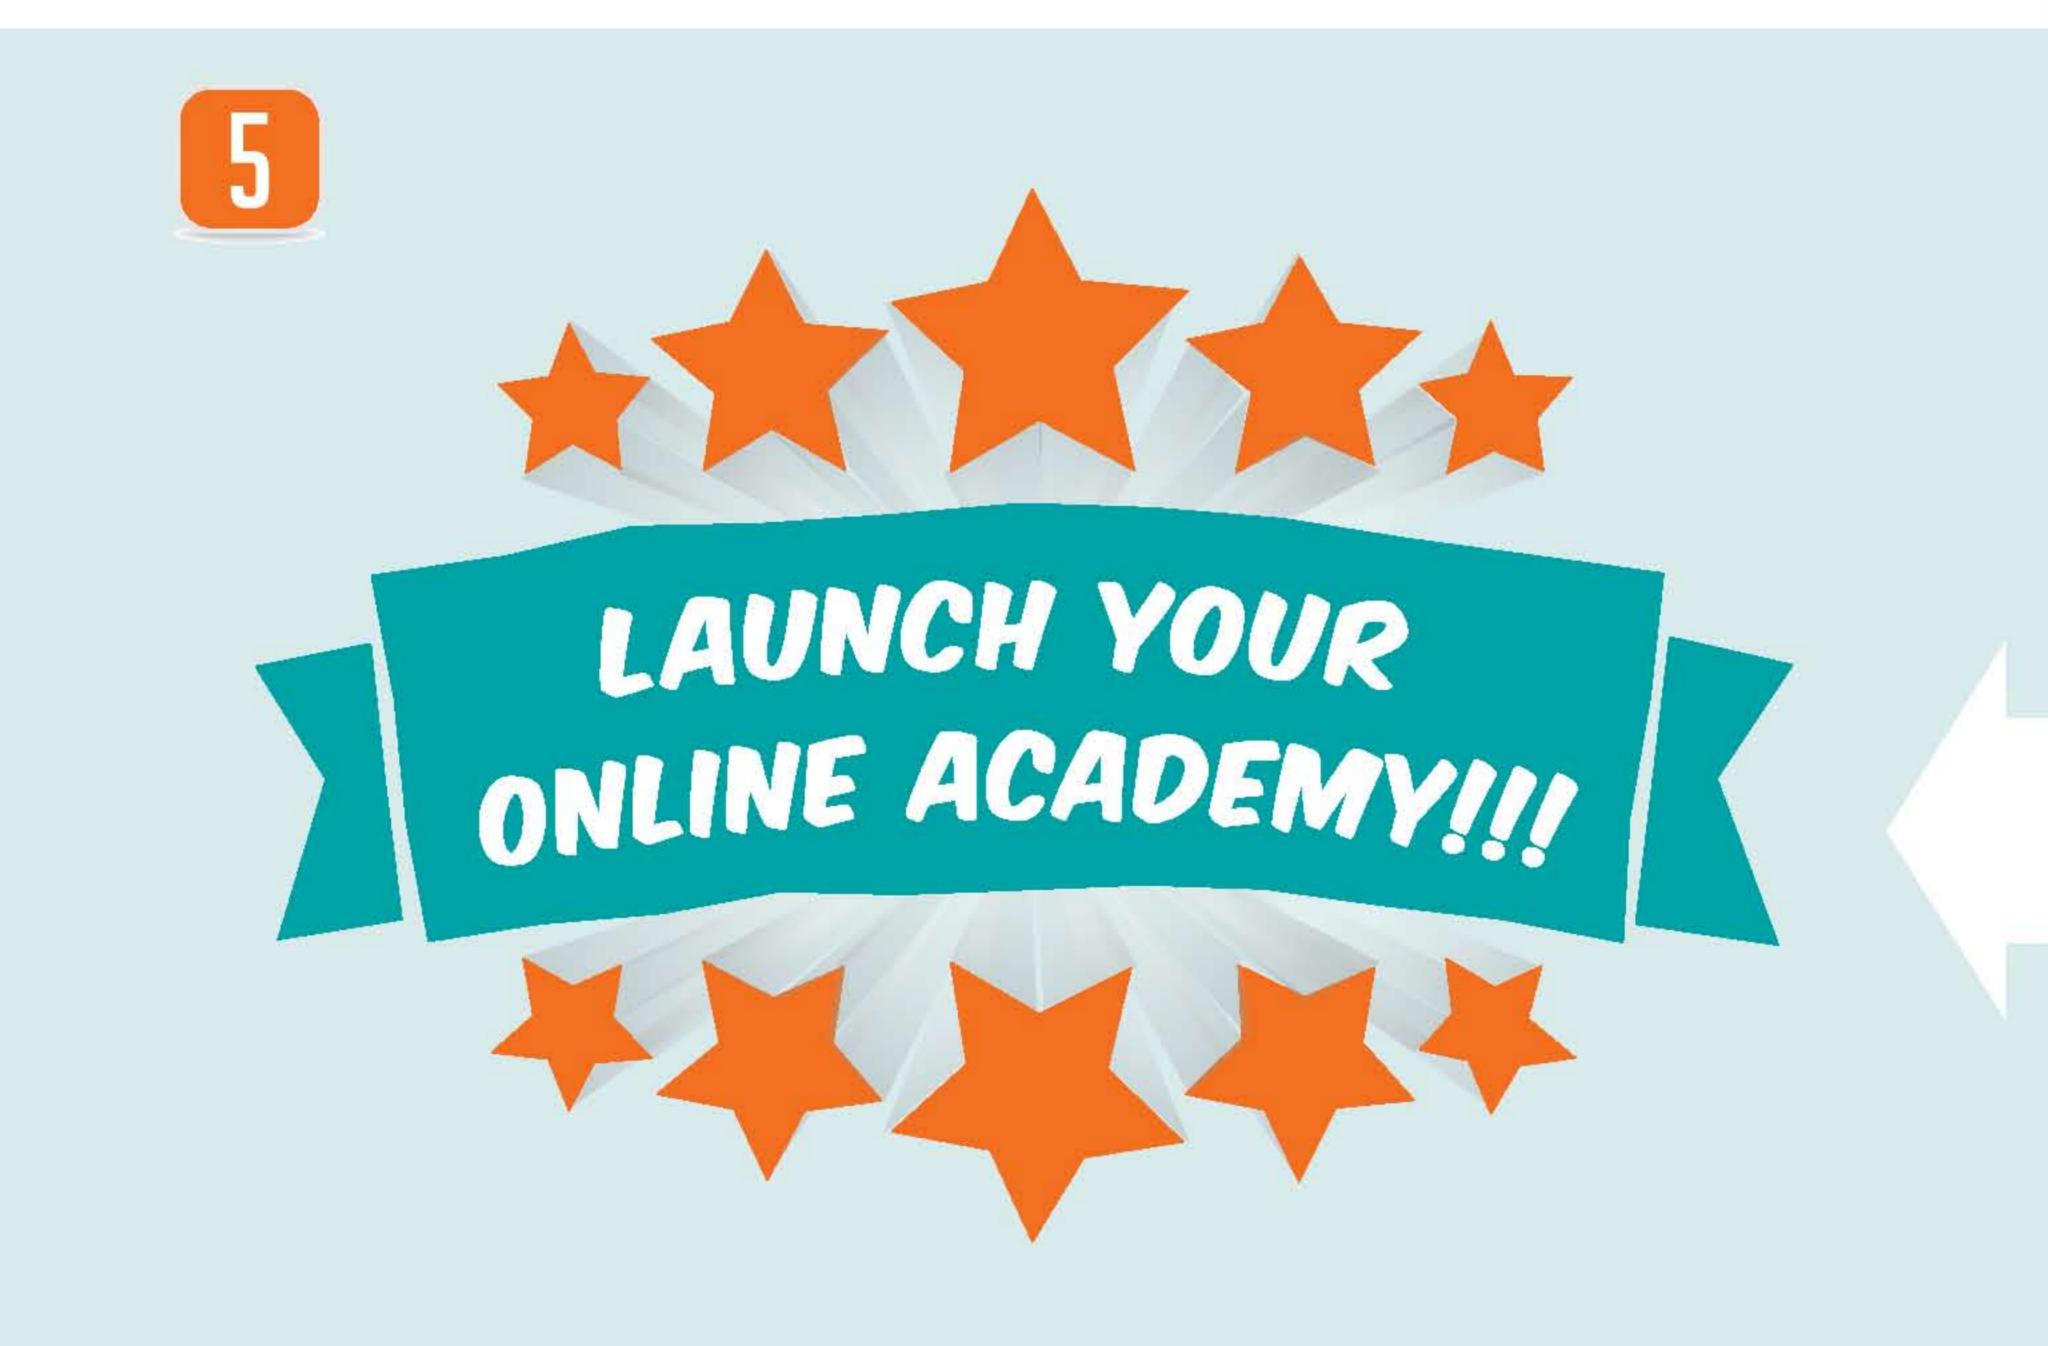

+91 95000 20740

Once enrolled, Learners log on from anywhere & start studying online. They watch video lessons and download handouts and assignments. They also start taking quizzes and assessments.

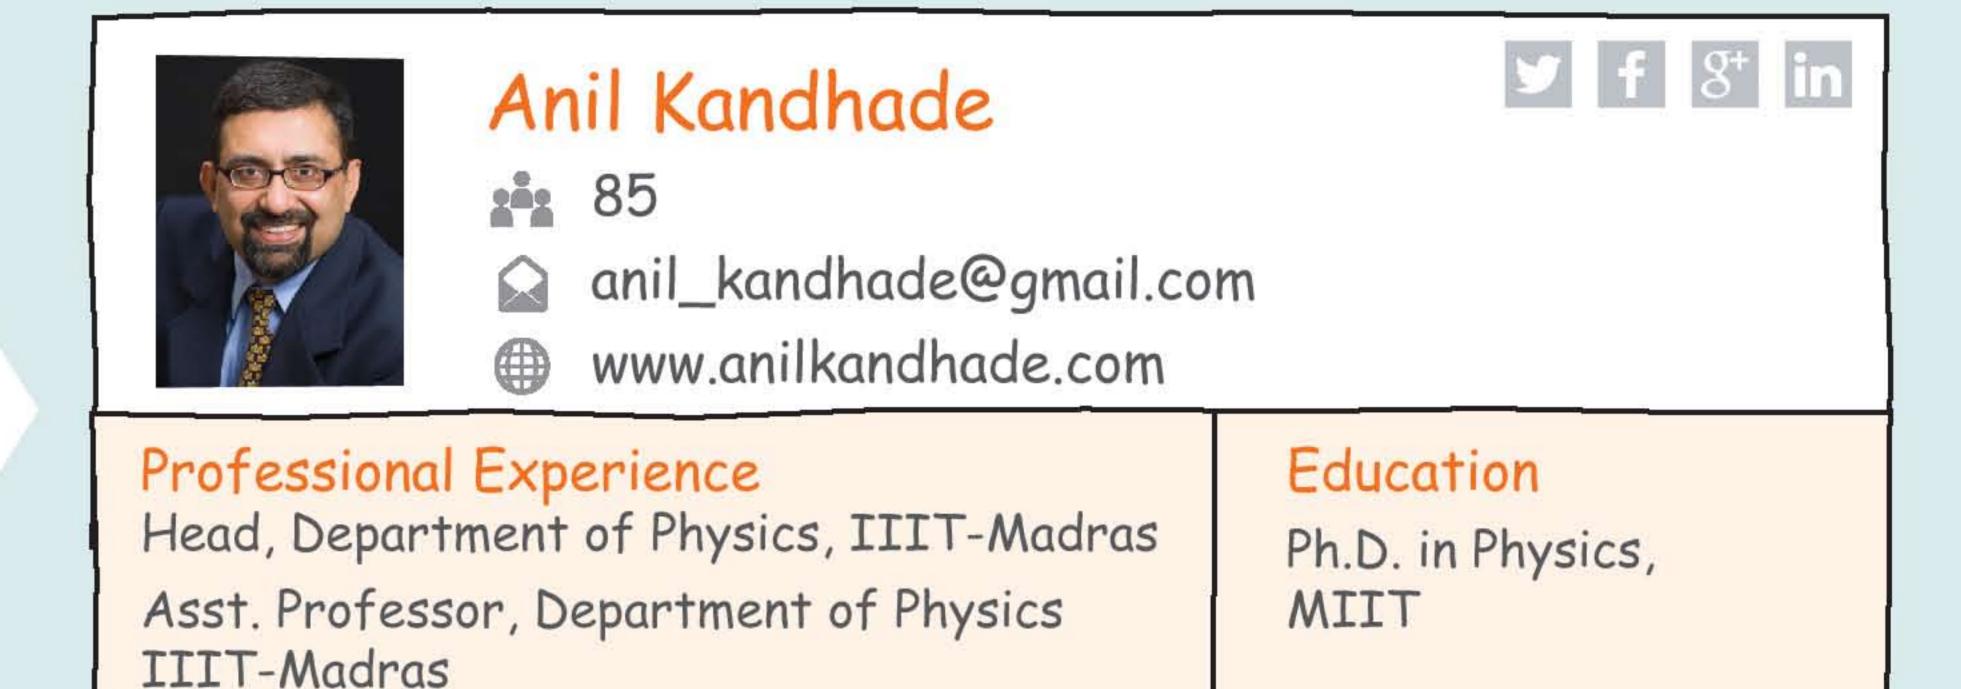

## CREATE COURSE CATALOG

Populate details about the Courses offered, such as title, summary, learning objectives, target audience, schedule, prerequisites, etc. You can also set the course fee.

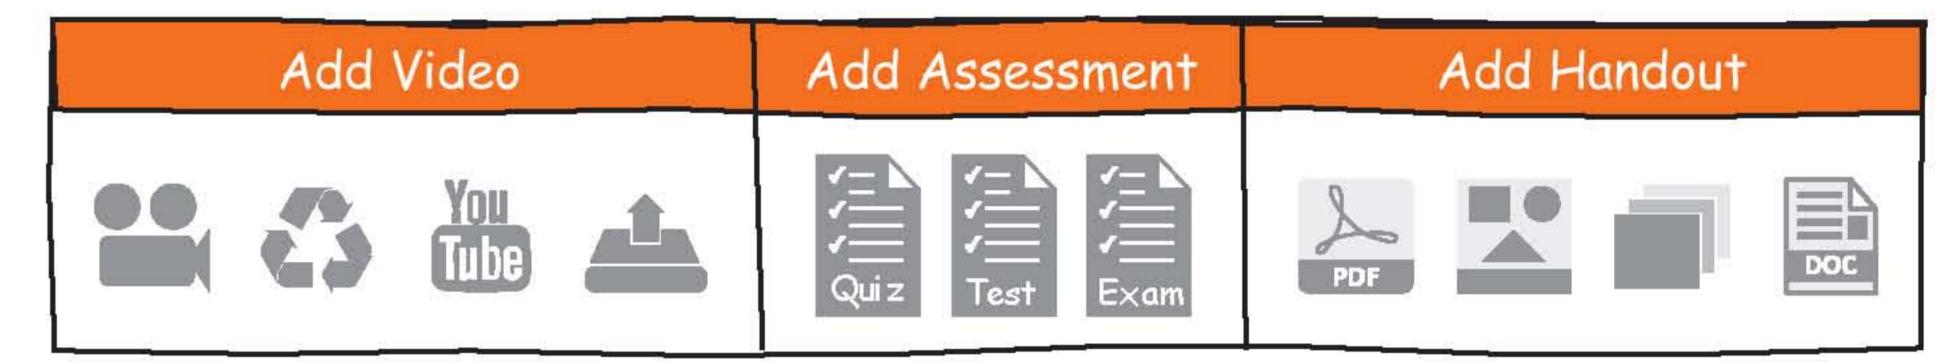

### ADD INSTRUCTORS/FACULTY/TRAINERS

Assign one or more Instructors for each Course. You can also add a photograph and a detailed biography for each Instructor, describing their teaching style, educational qualifications, student testimonials etc.

## ADD COURSE CONTENT

Great! So now that you have put up the basic structure for your Online Academy, the next step is for your Instructors to add content to each Course. They can log on 24/7 from their home or office and start creating and uploading content.

Using Entrayn's proprietary LeVIT™ Recorder, faculty can use everyday equipments to easily create realistic videos that take up low internet bandwidth. With the help of our other easy-to-use tools, Instructors can add course material such as Quizzes, Handouts, and more, thus enriching the Courses in terms of quantity, quality, and utility.

#### LEARNERS & INSTRUCTORS INTERACT

A truck moving with a speed of 20 kmph is stopped by applying the brakes and it comes to rest during which time, it travels 5m. If the velocity had been 80 kmph instead of 20 kmph, then the braking distance would be Distance travelled

O A 20m B 40m X

O C 80m V

O D None of these

=area under the line on a velocity/time graph

Distance travelled when applying the brakes at speed V = (vt)/2

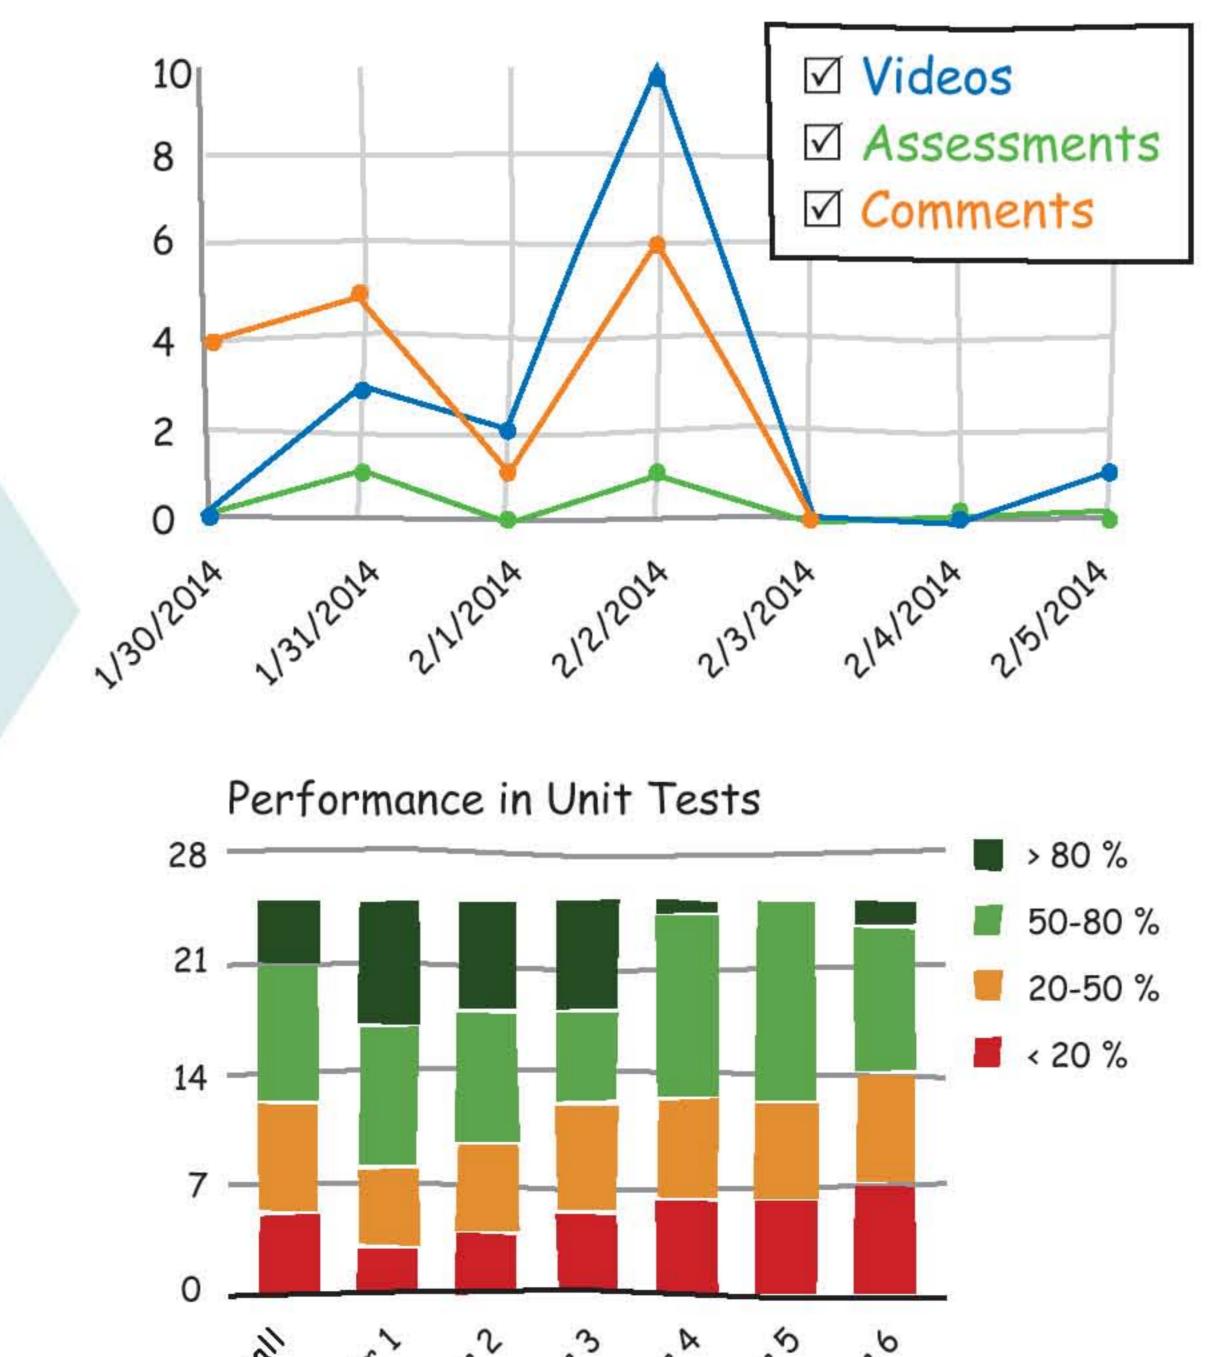

Distance travelled when applying the brakes at speed  $2V = ((2v \times 2t))/2 = 4vt/2 = 2vt$ 

If the speed is doubled, braking distance gets quadrapuled. If the speed is four times, braking distance will go up by a factor of 16.

Now, things start getting really interesting because valuable Academic Interactions take place through various means:

- Learners ask doubts, which Instructors and fellow Learners start answering, thus discussing and clarifying various concepts
- Instructors give homework, assignments, quizzes and tests, which the Learners take up and submit for grading
- Instructors may also schedule LVCs (Live Virtual Classrooms) where they can give live lectures online

# MONITOR PROGRESS & PERFORMANCE

Instructors now effortlessly monitor and guide Learners' progress using our powerful data crunching tools and features to:

- Track daily and overall performance using the Progress Monitor, powered by Atomic Analytics™
- Receive Automated Results & Email Reports
- Easily give appropriate feedback (both positive and negative), guidance & improvement tips on an ongoing basis, with minimal effort

#### TRACK SALES & WATCH YOUR ACADEMY FLOURISH

#	Date	Course	Package	Qty.	Revenue (in Rs.)
1	23 Jul	IIT-JEE Physics	Standard	1	12,000
2	22 Jul	IIT-JEE Physics	Premium	4	60,000
3	22 Jul	IIT-JEE Mathematics	Premium	5	75,000

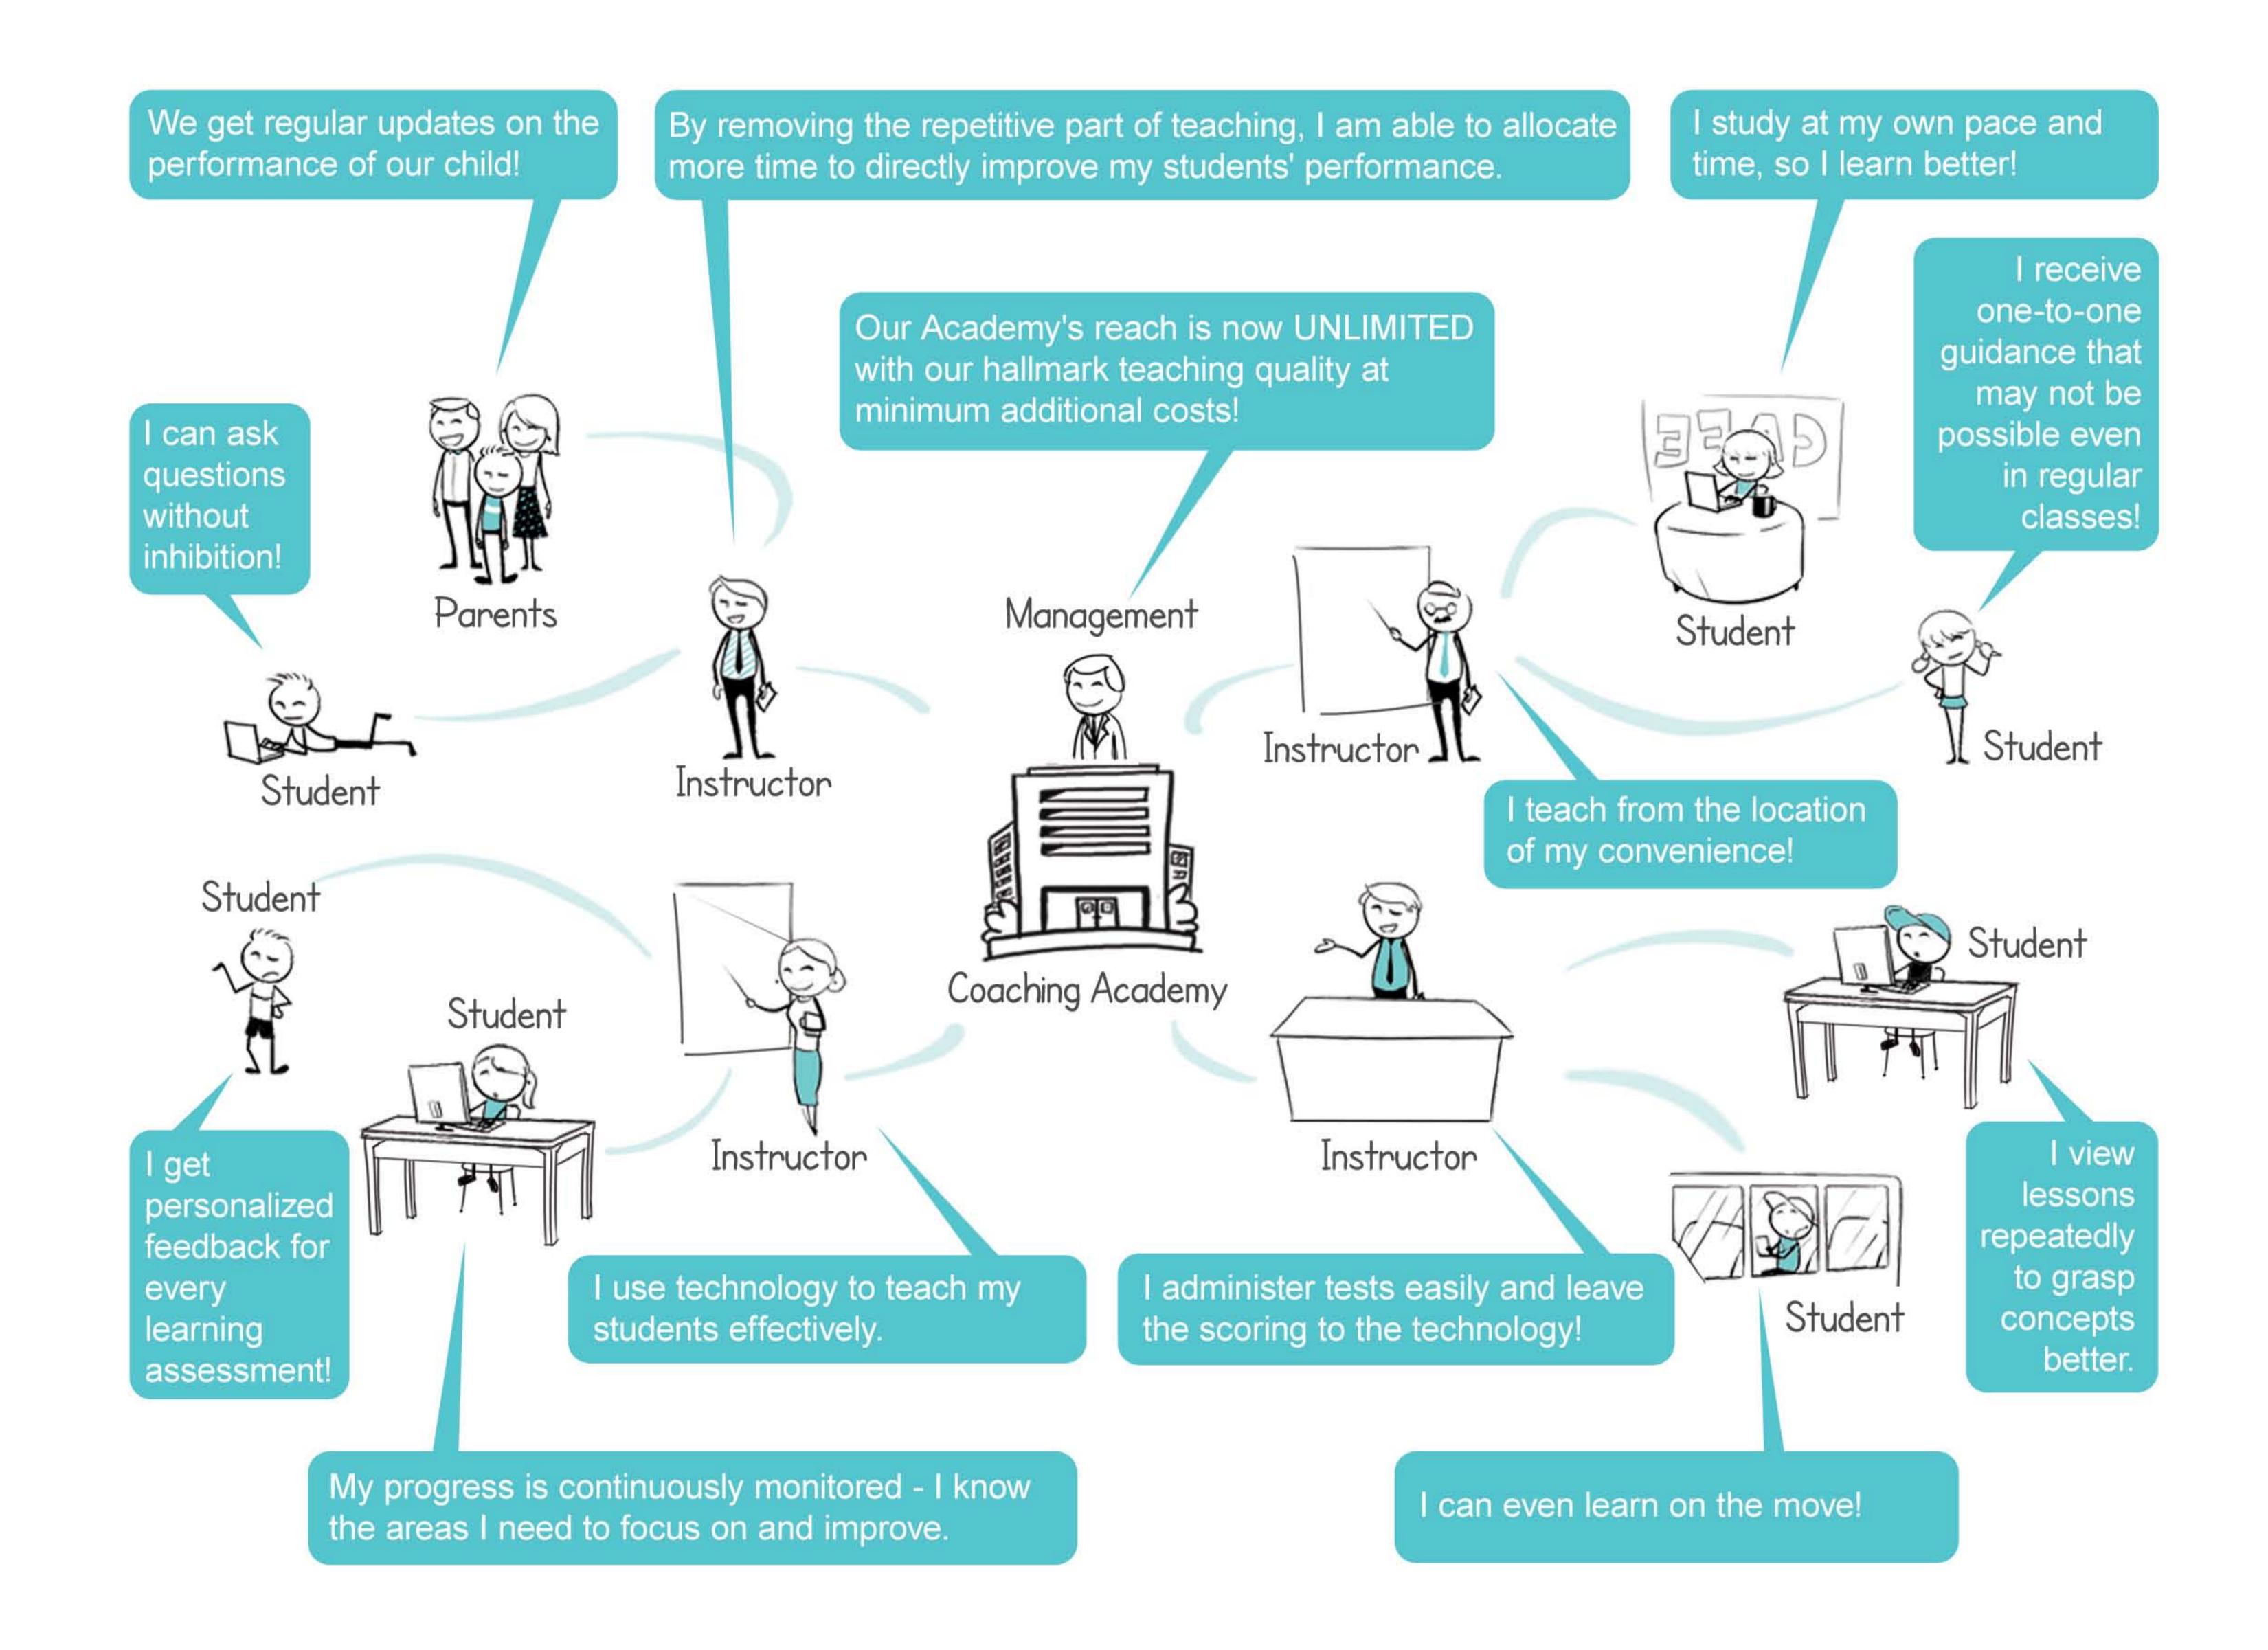

Monitor and improve your Institute's business performance

- Track Sales figures and Revenues
- Optionally release discounts and promotions for specific periods
- Oversee and improve Faculty Quality & Productivity
- Feel proud watching the ever-growing list of your successful students!

#### BENEFITS

#### for all the stake holders
